## *True Thoughts* MP3s Subliminal Script

# **Be Decisive and Get What You Want**

I gracefully obtain all that I desire  
I make quick decisions easily  
I am very decisive  
I think through every action  
I ask for help when I need it  
I express my ideas clearly  
I am open about what I want  
I use my resources to get what I want  
I know how to get what I want  
I am motivated to get what I want  
Decisions are easy to make  
I know exactly what I want  
I research ways to get what I want  
I make friends with key people  
I respect my goals  
I am confident in my actions  
I go for what I want  
I enjoy talking about my goals  
I take every opportunity  
I feel good getting what I want
