True Thoughts MP3s Subliminal Script

Develop a Creative-Thinking Mindset

I am creative in all that I do
I am inventive and eternally resourceful
I give ideas freely to others
Ideas come to my mind frequently
My intuition helps me
I am tremendously imaginative in everything
I create ideas liberally
My creativity benefits humanity
My mind produces artistic ideas
I experiment with my free thoughts
I say my ideas aloud and think about them
I can think ahead of my time
I create artistic new things
I think positive
I welcome criticism
I formulate ideas quickly and easily
I am only affected by my own opinions
I express myself freely
My thoughts evolve and expand my boundaries
I dwell on every question
My solutions are creative
I use my imagination
I receive ideas freely
I am innovative
